

## **Blue Pearl Productions**

www.bluepearlweddings.com

### **How to choose the music you would like to include in your final production.**

#### **General info**

We would like to make it clear that we are specifically talking about music to be used for montage sections of your production and as transitions between different sections of the production. The “real” music and sound from the event will, of course, be heard as well.

We typically need 4-6 slow or medium tempo instrumentals and 2-3 fast instrumentals. I also need 3-5 songs with lyrics, unless, of course, you only want instrumentals. The music is *very critical* to the feeling/style of the production, so choose music that reflects you! Please supply music on a CD. We will not necessarily use all of the selections, so if there are some songs that you want to make sure are included, please indicate that clearly. It is very helpful if you prioritize your music list.

Keep in mind that there are many different types of instrumentals...sax, piano, acoustic guitar, harp, classical, movie score, to name a few.

#### **Options**

*Method 1-* You choose all the music

*Method 2-* I choose all the music based on your input. Please keep in mind that in the editing process, great amounts of time and care are given to matching the tempo, mood, beat, and lyrics of the song to the video in a creative and stylized fashion. Minor changes are allowed.

*Method 3-* You choose *some* of the songs and I choose *the rest*.

### **Music Choice Form**

(please email back to Blue Pearl)

#### ***Method 1*** (You choose all the music)

Slow/ Medium Instrumentals (choose 3 -6 and list in order of priority if there is one)

Fast Instrumental (choose 2 or 3)

Songs with Lyrics (choose 3-5 and list in order of priority if there is one)

**Method 2** (I choose all the music)

Please explain what *type* of music you like and what type you don't like...and which *artists* you like and don't like. On the instrumentals, make sure you let me know your preferences, such as sax, piano, acoustic guitar, harp, classical, movie score, to name a few.

**Method 3** (We both choose the music)

Slow/ Medium Instrumentals (list the ones you choose and I will choose the rest)

Fast Instrumental (list the ones you choose and I will choose the rest)

Songs with Lyrics (list the ones you choose and I will choose the rest)
