

Wedding Video preferences

Please take the time to revisit our wedding Demo and answer the following questions. If you don't understand or need some guidance, please call us and I will be happy to go over it with you. It is very important that you do this so we can produce your video exactly to your needs and desires. It is very important to us to capture the spirit of not only your Wedding Day, but who you are as a couple. We want your Wedding production to be something you are very proud to show your friends and family. Thanks for taking the time to make your video the best it can be.

What did you like most on the Demo?

What did you like the least?

What 3 radio stations do you listen to?

What are your top 5 all time musical artists?

Overall, would you say that you want your production to be: Classic and Timeless, Hip and Cool, Avant Garde and Artsy, or A Little Bit of Everything.

Please give me an idea of how you want your production to look/feel by rating the following effects and techniques.

Black & White: love it (use a lot), don't like it (never use), use in moderation, don't care.

Film FX (grain and scratches..old time film look): love it (use a lot), don't like it (never use), use in moderation, don't care.

Letter Box (black at top and bottom of screen): love it (use a lot), don't like it (never use), use in moderation, don't care.

Slow Motion: love it (use a lot), don't like it (never use), use in moderation, don't care.

Soft Focus: love it (use a lot), don't like it (never use), use in moderation, don't care.

Sound Bites (you see video but hear audio comments): love it (use a lot), don't like it (never use), use in moderation, don't care.

Time remapping (switching between slo mo/normal/fast motion): love it (use a lot), don't like it (never use), use in moderation, don't care.
